

Tasks to do:

1. Make a "To Do" List.
2. Work on slowing down when You talk.
3. Post in Think And Grow Rich Lessons every week.
4. When commenting on a call, focus on only one topic. Blues tend to want to comment on more than one topic.
5. The self-talk training is located at <http://mffaudios.com>, click on the link at the top right called "Specialist School". Down 5 audios You will see the topic, "How To Craft Your PERFECT Self-Talk".
6. Here is the Self-Talk Michael says about 75% of the time: I'm having fun, attracting and sponsoring, leaders into my business, easily and consistently through education and teamwork.
7. You want to send me Your accountability daily. Go to <http://mfftoolkit.com>. Go to Step 4, Accountability. Click on this. There is a pdf with the date and 3 questions to be answered with each accountability. There is an mp3 there also. I'd advise listening to this.
